

**Mr. Chapin's Purchase of Newark Newspapers Confirmed.**  
Vice Chancellor James E. Howell in Newark, N. J., today confirmed the sale of the assets of the Newark Daily Advertiser Company, which includes the printing plant and the newspapers, the Newark Daily Advertiser and the Newark Daily Star, to William W. Chapin of California for \$250,000. There was no objection to the confirmation of the sale, and Louis Hood, who is acting as receiver for the United States Senator James Smith, moved the confirmation.

### Prominent Merchant Restored to Health by "Fruit-a-lives"

"I had a stroke of Paralysis in March, and this left me unable to walk or help myself and the Constipation was terrible. Finally, I took 'Fruit-a-lives' for the Constipation. ### Do You Neglect Your Stomach?

The health of the body depends upon the condition of the stomach, as the majority of physical ills are undoubtedly the result of lowered vitality arising from the improper digestion of food. The constantly wearing out tissues must be renewed in order to build up the necessary strength to resist the disease germs created daily.

### Duffy's Pure Malt Whiskey

an absolutely pure tonic-stimulant, made from strength giving grains, is an excellent aid to digestion if taken in tablespoon doses in equal amounts of water or milk before meals and on retiring. It stimulates the flow of gastric juices so the food you eat will digest naturally. If you are troubled with indigestion, "Get Duffy's and Keep Well!" At family wine stores, licensed druggists or grocers. If they can't supply you, write us. Useful household booklet free.

## FEDERAL TAXES UP \$9,000,000 IN ONE N. Y. DISTRICT

### Big Increase for 1916 in Lower End of Manhattan Island.

Downtown New York will contribute to the Federal Government \$9,000,000 more in direct taxes this year than it did last year, according to the estimates of internal revenue officials. The income tax is expected to yield \$5,000,000 increase and the special war taxes nearly as much more. In round figures, the lower end of Manhattan Island, which composes the Second Collection District, paid \$26,000,000 internal revenue taxes in 1915, of which \$15,000,000 was income tax, while the estimates for 1916 are for a total of \$35,000,000, of which \$20,000,000 will be income tax.

This enormous anticipated increase will be of great importance to the Treasury officials in determining the financial policy of the Government and will play an important part in the framing of bills in Congress for raising of additional revenues to meet the falling off of customs duties and the increased expenditures expected for preparedness.

"As the operation of the Income Tax law becomes better understood," said Collector John Z. Lowe to-day, "there is a tendency to better results. Although the time for making returns does not expire until March 1 there are many reports coming in daily, and from these we are able to form an estimate of large increases."

"This little Manhattan district will undoubtedly take first place this year in internal revenue yield to the Government. Last year the Peoria, Ill., district beat us because of its taxes on spirits, but Wall Street business and profits will overcome that this year."

WASHINGTON, Jan. 25.—The Cabinet to-day discussed the preparedness speeches President Wilson will make on his coming trip, and it was agreed he should treat the national defense question with the greatest frankness and tell the country the United States needs a large army and navy because of present troubled conditions in the world. The President has decided to leave Washington to-morrow at midnight for New York, where he will speak Thursday night before the Railroad Business Association and the Motion Picture Board of Trade. He will leave New York at midnight Thursday to return here. While in New York Thursday the President will receive 1,500 clergymen of various denominations who desire

to express their appreciation for his efforts in behalf of peace, and may reply briefly.  
Detailed arrangements for the Middle Western trip, which opens at Pittsburgh Jan. 29, were completed to-day. Except at a breakfast in St. Louis, all of his addresses will be delivered before public meetings.  
In Pittsburgh the President will speak under the auspices of the Chamber of Commerce; in Cleveland, also, the Chamber of Commerce will have charge of the meeting; in Milwaukee the City Club is making the arrangements; the Industrial Club will have charge of the meeting in Chicago; in Des Moines the Greater Des Moines Committee and the Chamber of Commerce are co-operating; in Toledo and Kansas City the Commercial Clubs will take charge, and in St. Louis the Business Men's League will give the President a breakfast.
